2012 Governing Board "Meet The Candidates"

ATTENTION: Because of the large number of candidates in this year's Governing Board election, we were unable to have a single "Meet the Candidates" webinar. Instead, we will have three concurrent "Meet the Candidate" webinars from 1 to 2PM Eastern, Friday, November 18 for stakeholder categories 1, 3, 5, 7, 9, 11, 13, 15, 17, 19, and 21. These meetings will be followed by one "Meet the Candidates" webinar for the At-Large candidates. This presents somewhat of a logistical challenge, but we believe it provides each candidate with a reasonable amount of time to discuss his/her qualifications and their thoughts about how to make the SGIP even more engaging and successful. We will have a dedicated email newsletter that describes the logistics of these meetings and will include this information on the TWiki.

TIME	WEBINAR SESSION	CATEGORIES
1:00 – 2:00 PM	Session 1	01: Appliance and Consumer Electronics Providers 13: Professional Societies, Users Groups, Trade Associations and Industry Consortia
1:00 – 2:00 PM	Session 2	03: Consumers – Residential, Commercial and Industrial 05: Electric Utility Companies - Investor Owned Utilities (IOU) and Publicly Owned Utilities 07: Electric Utility Companies - Rural Electric Association (REA) 09: Independent Power Producers
1:00 – 2:00 PM	Session 3	11: Information Technology (IT) Application Developers and

		Integrators
		15: Relevant Federal Government Agencies
		17: Retail Service Providers
		19: State and Local Regulators
		21 -Transmission Operators and Independent System Operators
2:00 – 3:00 PM	Session 4	23: At-Large

We will have a dedicated email newsletter that describes the logistics of these meetings and will include this information on the TWiki.

SGIP Winter Face-to-Face, Grid-Interop 2011

The Winter Face-to-Face Meeting of the SGIP will once again be co-located with Grid-Interop, providing an opportunity for members to learn and converse with today's Smart Grid thought leaders. The full agenda can be found here (http://www.grid-interop.com/2011/#agenda) along with travel and registration information.

The SGIP-specific agenda is here on the TWiki: (http://collaborate.nist.gov/twiki-sggrid/bin/view/SmartGrid/WinterF2F2011). Remote access for ALL SGIP sessions will be made available and posted by Dec. 1.

SGIP Member Discount: Save 10% off registration using the following registration link and passcode OMBVXG.

TWO SPECIAL EVENTS

Grid-Interop Face Time

Once again this year, Grid-Interop will feature a "Face Time" - a speaking opportunity held in conjunction with the Interoperability Fair on Tuesday evening. Face Time gives you a high visibility, yet intimate venue for presenting on a topic that is relevant to the Grid-Interop audience. It allows you to present your favorite topic relating to information interoperability, business and policy, basic connectivity, and architecture as it relates to Smart Grid to a small group or one-on-one. Learn more.

Grid-Interop Plug-In

In a first-of-its kind showcase, Grid-Interop's Plug-In will provide the only central place where multiple vendors can unite to present applications of interoperable devices and systems in action. With standards efforts now bearing real fruit, a cross-section of industry organizations will demonstrate 15 to 20 examples of emerging,

evolving and mature interoperability standards in several categories. [Learn more](#).
